The chart displays the Nifty 50 closing levels over a 36-month period. The x-axis represents time, with labels for January 2022, July 2022, January 2023, July 2023, January 2024, July 2024, January 2025, and July 2025. The y-axis represents the closing level, ranging from 20,000 to 26,000. The blue bars show the monthly closing levels, which generally increase from around 21,500 in early 2022 to a peak of approximately 26,500 in early 2024, before declining to around 20,500 by July 2025. The green line shows the daily closing level, which follows a similar trend but with more volatility, peaking at approximately 26,800 in early 2024 and then declining to around 20,000 by July 2025.
